University of Georgia: Student and Parent Loans, 2008-09 through 2016-17

University of Georgia: Percent Growth in Student Loans, 2008-09 and 2016-17

Source: Office of Student Financial Aid, UGA Factbook reported info. Numbers of awards by loan type do not reflect unduplicated recipients. Decreases in Federal Direct Subsidized Loan awards and amounts as of 2012-13 coincide with a change in Federal policy making Graduate students ineligible for Federal Direct Subsidized loans. Corresponding increase in Federal Direct Unsubsidized Loans as of 2012-13 also coincides with this Federal policy change.
